

RS2

RS2 seating system

A seating system for hybrid and multifunctional public areas. The unique answer to the needs of environments where there is a high turnover of users in a relatively short time: high resistance, easy maintenance, a variety of layouts, customizable on demand and all synthesized in a distinctive design. This update and complementary to RS collection provides a technological solution for waiting areas connected and equipped as temporary workspace.

Design:

Jean-Marie Duthilleul

1998

Sistema di sedute per aree pubbliche ibride e multifunzionali.

La risposta univoca alle esigenze di ambienti in cui esiste un alto ricambio dell'utenza in tempi relativamente brevi: resistenza all'usura, facile manutenzione, configurabilità infinita, personalizzazione su richiesta e, non ultimo, un design caratterizzante. La collezione, aggiornata e complementare di RS, fornisce una soluzione tecnologica per aree di attesa connesse e attrezzate, non solo per accogliere ma anche come spazi di lavoro temporaneo.

Lorient Station - SNCF - France National Railway Network

The ergonomic seat and backrest, with lumbar support, help the body assume a correct posture and ensure comfort even during long waits. The seat depth and height are designed to assist users with reduced mobility.

La seduta ergonomica e lo schienale con supporto lombare aiutano il corpo ad assumere una postura corretta e garantiscono comfort anche durante le lunghe attese. La profondità e l'altezza dei sedili sono studiate per assistere gli utenti con mobilità ridotta.

The collection is a true extension of the office and offers electrical wiring and USB solutions integrated into the structure to enable the functionality of electronic devices that passengers carry with them.

La collezione crea una vera e propria estensione dell'ufficio e offre cablaggi elettrici e soluzioni USB integrate nella struttura, per consentire le funzionalità dei dispositivi elettronici che i passeggeri portano con sé.

The introduction of polyurethane provides an extremely pleasant touch and unique aesthetics while also ensuring high resistance, perfect indoor and outdoor.

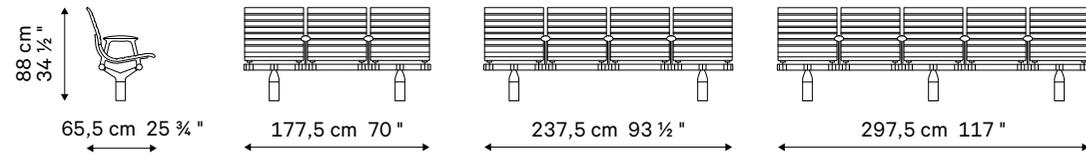

L'introduzione del poliuretano conferisce un tocco estremamente gradevole e un'estetica unica garantendo inoltre un'elevata resistenza, sia in ambienti interni che esterni.
