

WQube & TQube

WQube & TQube pods

WQube & TQube pods

A series of flexible multi-spaces that can be interconnected one another, upgraded over time and expanded freely into space, according to evolving requirements and thanks to the integration of several components of the W80 Partition system. Executive and operative offices, meeting and videoconferencing rooms, lounge areas and communal spaces, till small retail solutions are composed starting from a simple and lightweight frame, creating a network which is highly customizable in layout and finishes.

Design:
**Centro Progetti Tecno,
2022**

Una serie di multi-spazi flessibili che possono essere interconnessi tra loro, aggiornati nel tempo e ampliati liberamente nello spazio, in base all'evoluzione delle esigenze, grazie all'integrazione di alcuni componenti della parete W80.

Uffici direzionali e operativi, sale meeting e videoconferenze, aree lounge e spazi comuni fino a piccole soluzioni retail, si compongono partendo da una struttura leggera ed essenziale fino a creare interi network altamente personalizzabili nel layout e nelle finiture.

WQube

Free-standing partition wall for plug-and-play pods which are completely independent from the building. An elegant, efficient, and sustainable solution that makes it possible to quickly and cost-effectively assemble office modules or meeting rooms without requiring any architectural intervention on the interior of buildings.

WQube

Parete divisoria free-standing, per pod plug-and-play completamente autonomi dall'edificio. Una soluzione elegante, efficiente e sostenibile che permette di comporre, in tempi brevi e con costi contenuti, moduli ufficio o sale riunioni senza richiedere alcun intervento architettonico sull'interno degli edifici.

TQube

Essential and elegant free-standing Phonebooth, with greatest functionality and acoustic performances and infinitely modular. A light and flexible solution that fits into open spaces to carve out a personal and silent area where calls or video conferences can be managed in a very small space but with maximum comfort.

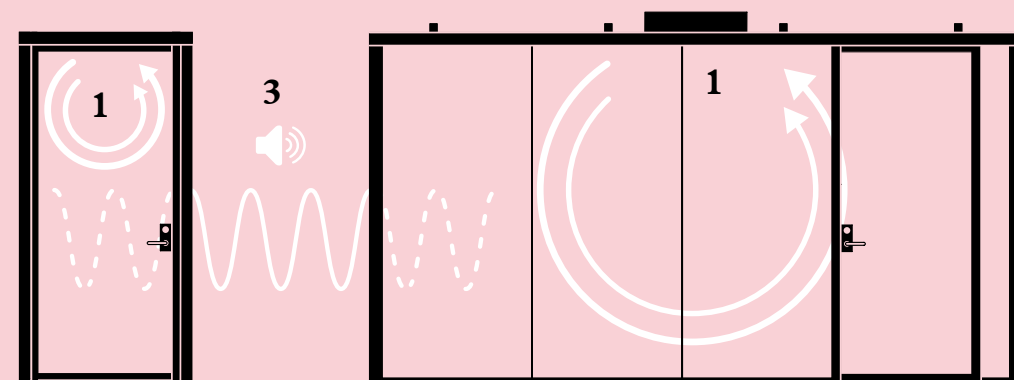

TQube

Phonebooth free-standing essenziale ed elegante, dalle altissime performance funzionali ed acustiche e infinitamente aggregabile. Una soluzione leggera e flessibile che si inserisce negli open space per ritagliare un'area personale e silenziosa dove gestire chiamate o video conferenze in pochissimo spazio ma con il massimo comfort.

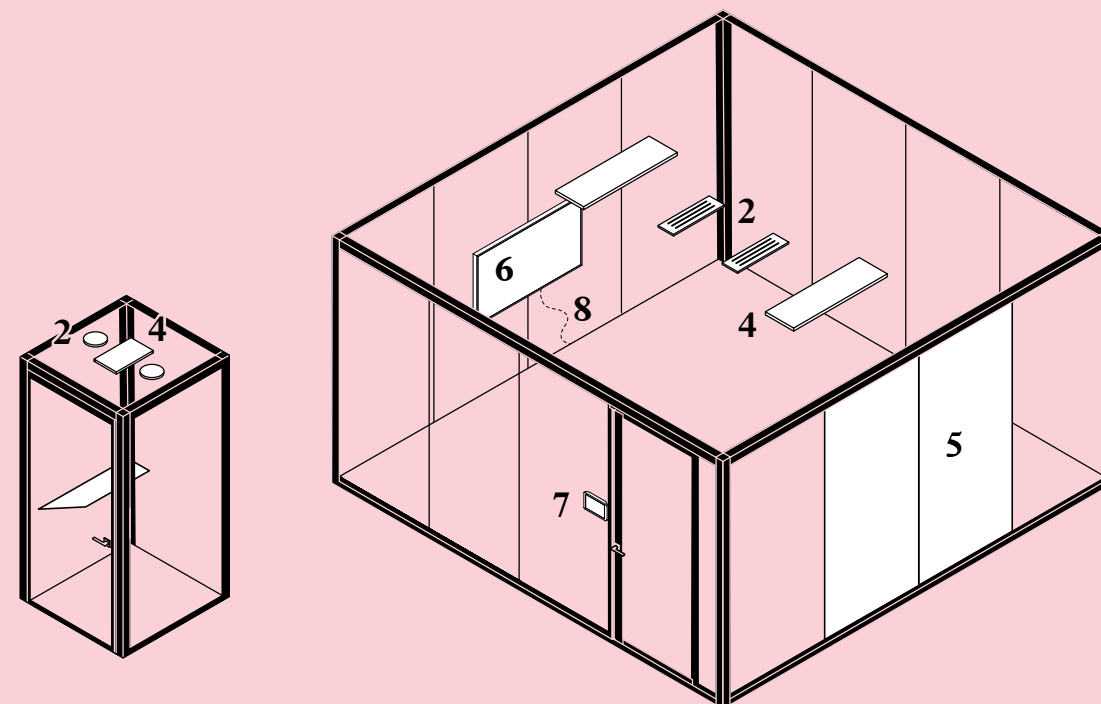

The LED lighting is dimmable while the silent and energy-efficient ventilation system ensures constant temperature, continuous air circulation and air purification. Blinds and LCD on/off area concealed within the glazed wall, while in the solid partitions runs cable routing and electrical controls for room reservation or video-conferencing monitors, switches or thermostats.

L'illuminazione LED è dimmerabile mentre il silenzioso impianto di ventilazione ad alta efficienza energetica assicura temperatura costante, circolazione continua dell'aria e purificazione. Celati all'interno della parete vetrata si equipaggiano tende e vetri LCD on/off, mentre nelle porzioni cieche si nascondono passaggio dei cavi e controlli elettrici per monitor prenotazione sala o video-conferenza, interruttori o termostati.

3 - Sound insulation RW 35 - 56 dB

Isolamento acustico RW 35 - 56 dB

4 - Dimmable Led lights

Luci Led dimmerabili

5 - Interchangeable glazed/solid panels

Pannelli vetrati e ciechi intercambiabili

6 - Audio/Video module

Schermo videoconferenza

7 - Room reservation module

Modulo prenotazione sala

8 - Concealed cable management

Collegamenti celati

WQube & TQube pods

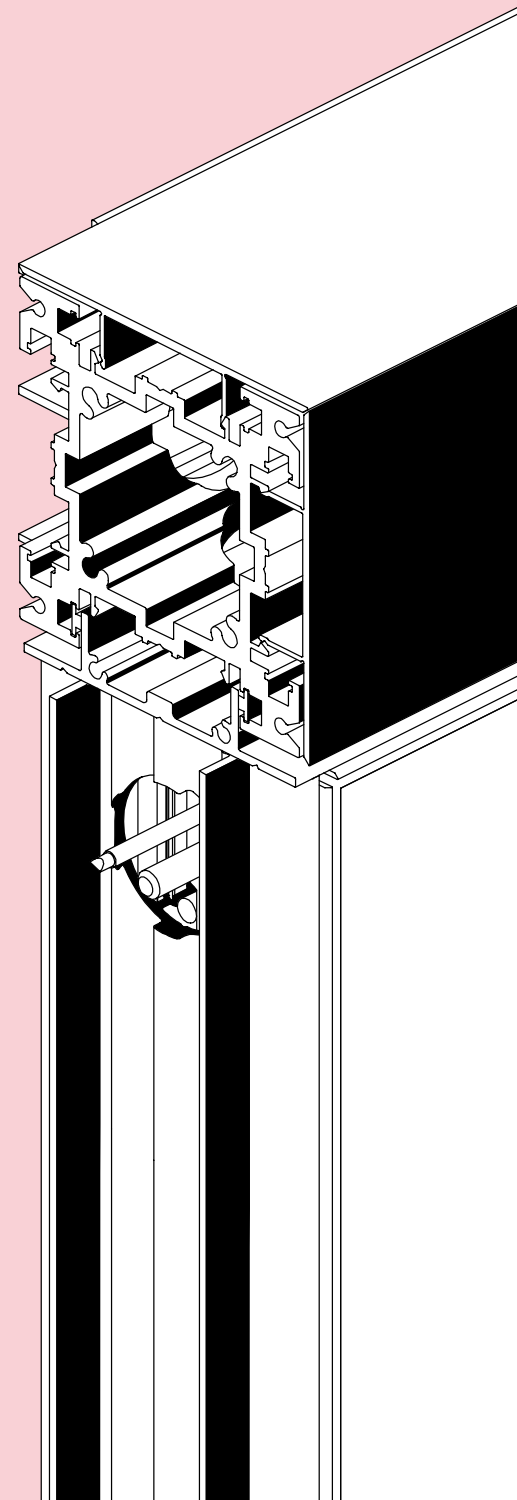

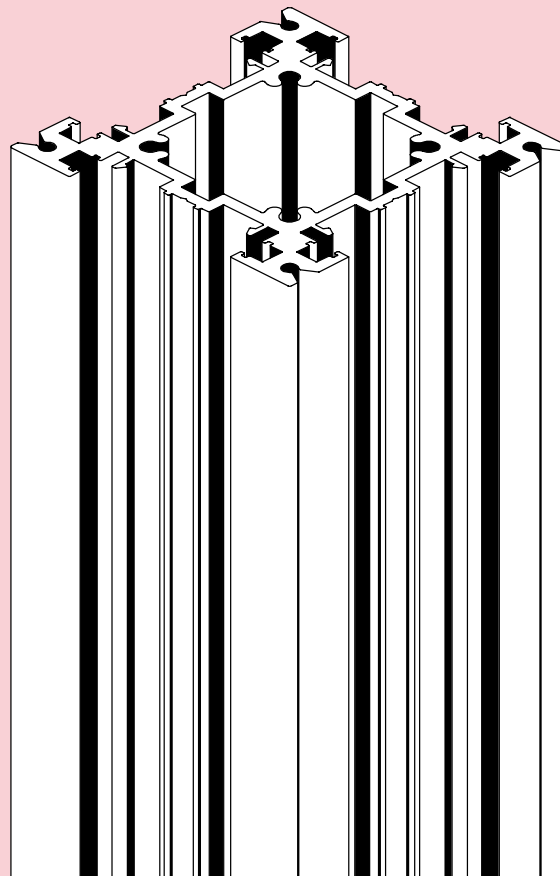

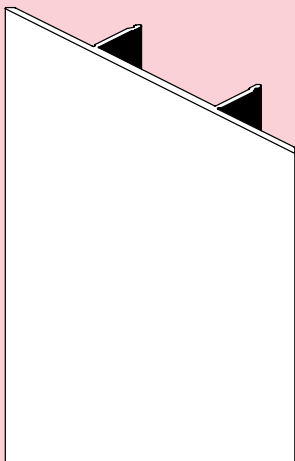

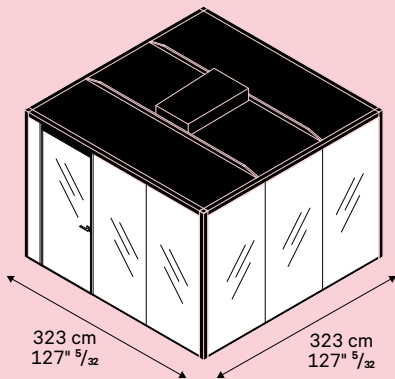

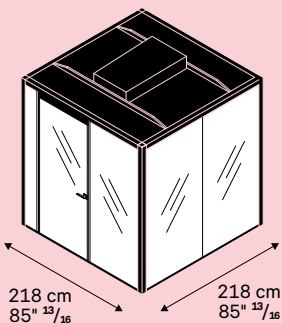

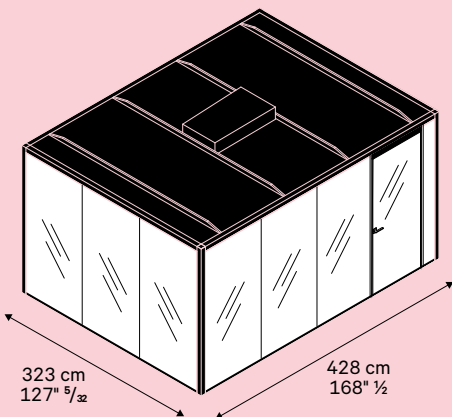

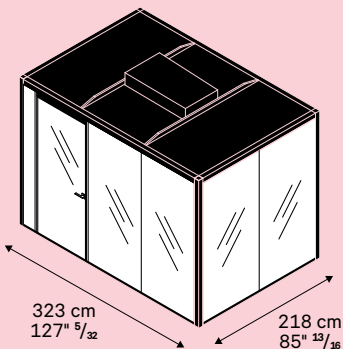

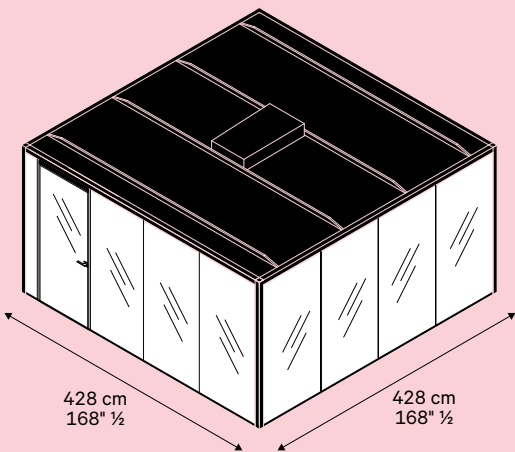

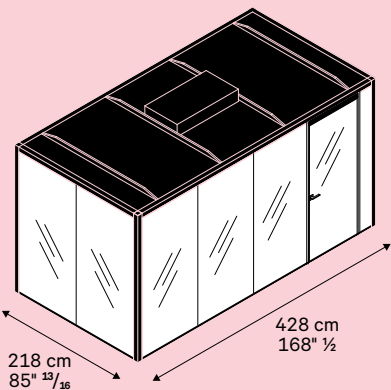

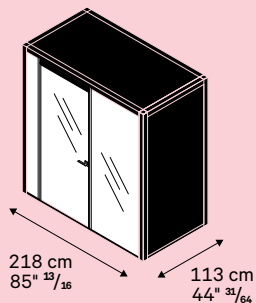

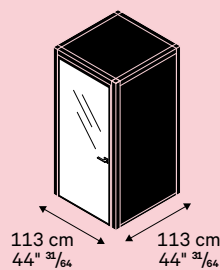

The ease of assembly and disassembly makes it possible to install also into large and complex sites: a non-invasive solution for redeveloping unused places, updating traditional spaces or transforming environments intended for other uses, even historic converting historic buildings or industrial areas.

La facilità di montaggio e smontaggio rende possibile la posa in cantieri anche di grande complessità e dimensione: una soluzione non invasiva per riqualificare luoghi inutilizzati, aggiornare spazi tradizionali, trasformare contesti destinati ad altri usi, persino convertendo in uffici edifici storici o aree industriali.

WQube is available in 6 sizes plus 2 sizes of the TQube booth version. The modularity of the system allows an infinite number of WQube and TQube to be interconnected, creating flexible networks of spaces that can be combined and re-arranged adapting to different needs over time.

WQube è disponibile in 6 dimensioni più 2 dimensioni della versione cabina TQube. La natura modulare del sistema consente di interconnettere un numero infinito di WQube e TQube creando reti flessibili di spazi che possono essere combinati e riorganizzati, per adattarsi alle diverse esigenze nel tempo.
