INTRO

Il sistema di divani e tavolini PONS disegnato da Rodolfo Dordoni per Tecno, nasce per arredare aree di attesa, lounge room e ambienti direzionali, ma è adatto anche agli ambienti domestici. Il sistema PONS D011 è caratterizzato da: modularità, facilità nell'assemblaggio dei componenti ed estrema flessibilità, tutto ciò unito ad un elevato comfort ottenuto grazie alle imbottiture a densità differenziata.

Il sistema è composto da una struttura modulare di base contenente una serie di agganci universali, sui quali possono essere variamente collocate le diverse tipologie di seduta, schienale e tavolini (80 x 80 cm). In questo modo si ottiene una grande flessibilità nella personalizzazione del prodotto, con elementi che possono essere collocati indifferentemente nelle diverse posizioni, adattandosi alle diverse evoluzioni degli ambienti dove è utilizzato.

Le basi sono in alluminio lucidato o verniciato opaco grigio piombo. Le finiture dei tavolini possono essere: laminato FS nero, laccato opaco bianco e grigio piombo, laccato lucido bianco e grigio piombo, marmo Carrara bianco e nero Marquina.

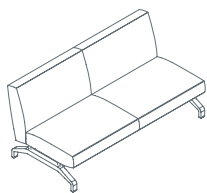

Il design del prodotto riprende alcuni elementi caratteristici delle collezioni Tecno (tipologie della gamba e finiture della struttura), con le quali si integra alla perfezione.
